

CLASSROOM EDUCATION RE-IMAGINED!

CovLC, where education meets excellence.

Who we are

With the onset of the Pandemic, the world met with a new normal of education, making live educational sessions nearly inaccessible to some students. With such a gap created between the educators and students, many questions and queries remained unanswered.

However, CovLC bridges this gap to create a holistic learning experience like no other.

The Covalent Learning Center, an advanced online tutorial platform, strives to provide students, parents, teachers and schools, effective tutorial solutions covering local curricula and much more, at affordable prices.

With well-trained teachers maintaining high levels of professionalism and expertise, we help students become problem solvers and aspirational learners.

Why choose us?

- Over a 100 years of teaching experience
- High degree of professionalism
- Recognize and promote exceptional performance
- Personalized flexible learning solutions at affordable prices

What do we have to offer?

- Online tutoring for English, Maths and Science from Grade 4 to 12 along with SAT, ACT, GMAT, GRE and MCAT
- Online tutoring for college students
- English as a second language
- CovLC Skills and Personal Development Program
- On-Demand sessions within 4 hours
- Subscription and group based sessions
- Ultra HD video and sound quality with great resilience
- Online learning via audio, video, group and live chat sessions along with offline subscription plans

Our ECov-Smartpad proprietary technology provides students a **sharp edge over learning.**
